Today Boris is going to the park.
Let's help him get ready.

First check his fur for bugs,
Then brush his hair
neat and tidy.
There!
Very handsome.

"Thank you!" says Boris. "Kissy, kissy."
Stop Boris! Calm down! It tickles!

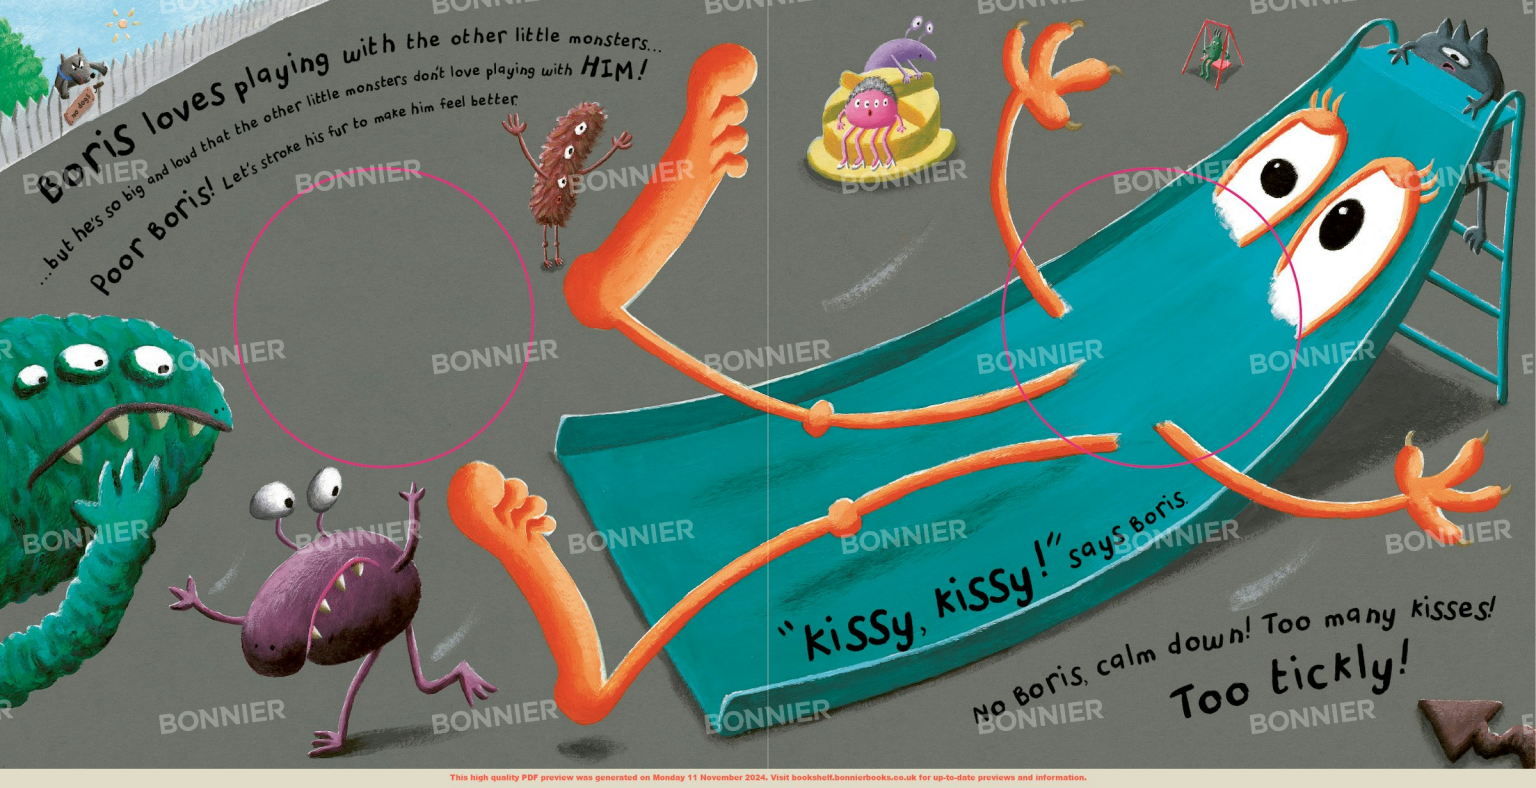

Phew! It's hard work scooting to the park!
Boris is hungry. Let's feed him some
of his fave.

Boris, don't nibble our fingers when we feed you!
"Sorry," says Boris. "Kissier,
kissier, kissy, kissy, kissy!"

Calm down, Boris!
Your kisses are too tickly!

Boris loves playing with the other little monsters...
...but he's so big and loud that the other little monsters don't love playing with HIM!
Poor Boris! Let's stroke his fur to make him feel better.

"Kissy, kissy!" says Boris
No Boris, calm down! Too many kisses!
Too tickly!

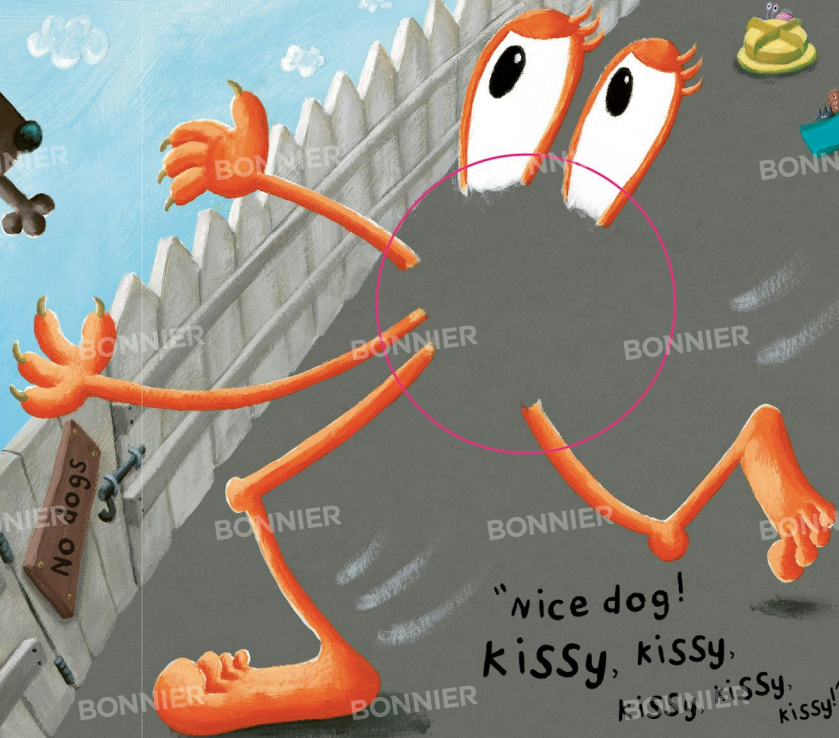

What's this?

A big scary dog is
jumping over the fence!

All the other monsters run and hide.

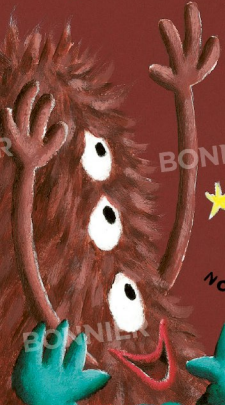

But whatever is Boris doing?

"Nice dog!
kissy, kissy,
kissy, kissy,
kissy!"

Hooray for clever Boris!

His tickly kisses have scared the big dog away!

Now we all want to kiss **YOU** Boris,
no matter how tickly you are!

"Kissy, kissy!"
Well done, Boris!
