

Recycling

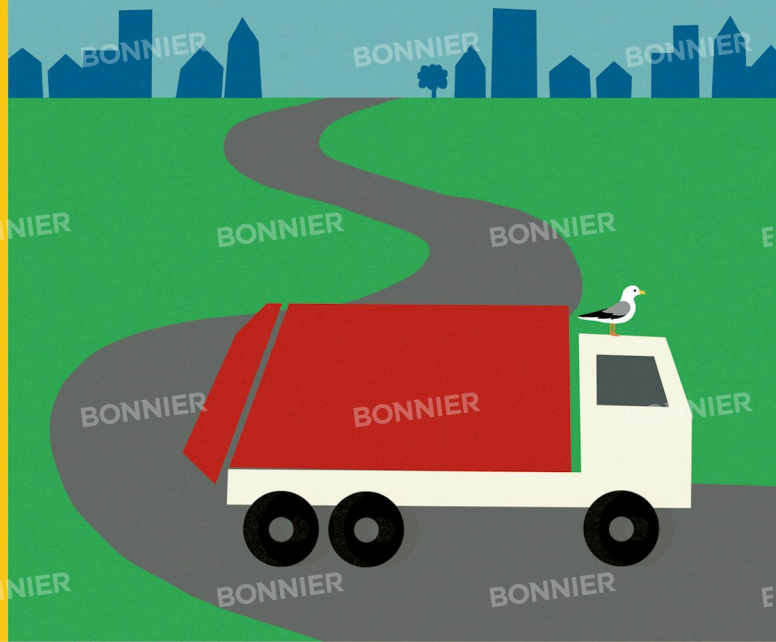

Lorna Freytag

Our planet is a
beautiful place...

... but it needs our help.

When we throw things in the bin,
a lorry takes the rubbish to a dump.

But our rubbish dumps
are getting full.

Sometimes our waste
ends up in
animals' homes.

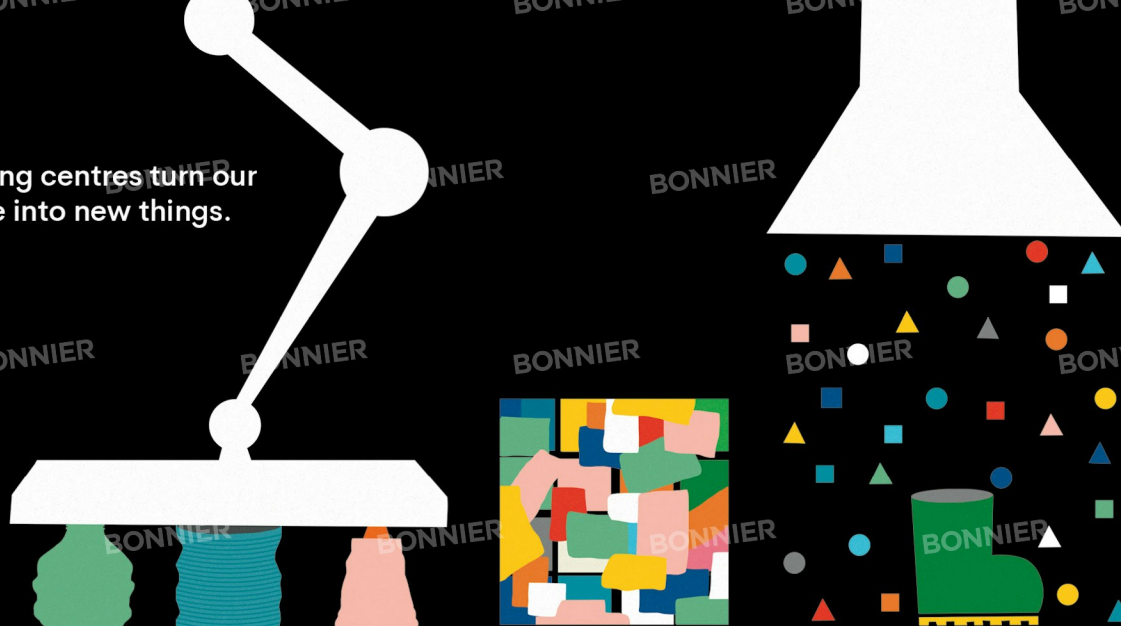

But there is so much
we can do to help!

A lot of rubbish
can be recycled.

Recycling centres turn our
waste into new things.

If something is broken, we can fix it instead of throwing it away.

We can give clothes and toys we don't need to somebody else.

We can reuse
our rubbish...

... to make
something
new.

A little help
can make a
BIG
difference!
