# Recycling

Lorna Freytag

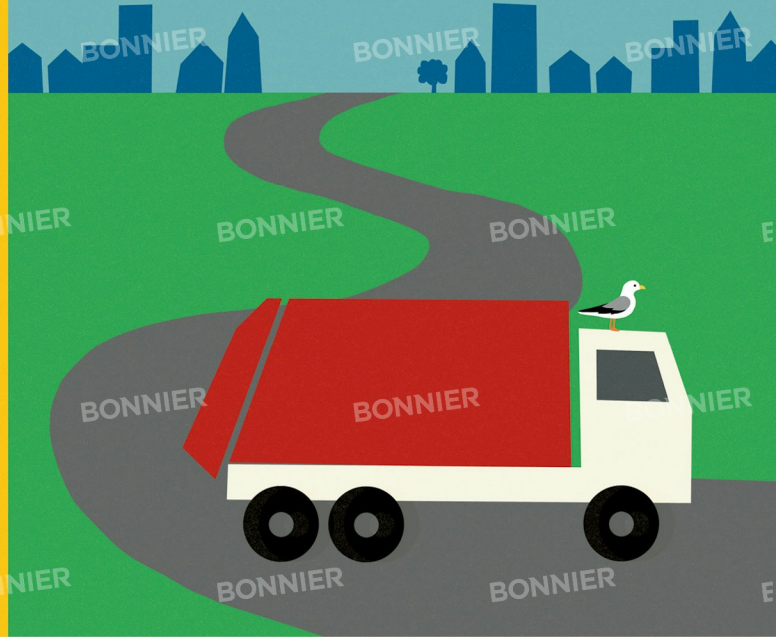

Our planet is a  
beautiful place...

... but it needs our help.

When we throw things in the bin,  
a lorry takes the rubbish to a dump.

But our rubbish dumps  
are getting full.

Sometimes our waste ends up in animals' homes.

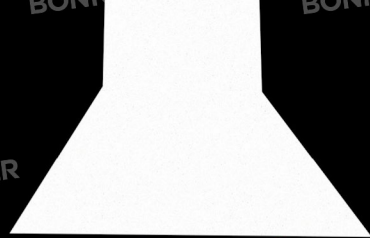

But there is so much  
we can do to help!

A lot of rubbish  
can be recycled.

Recycling centres turn our  
waste into new things.

in →

→ out

If something is broken, we can fix it instead of throwing it away.

We can give clothes and toys we don't need to somebody else.

We can reuse  
our rubbish...

... to make  
something  
new.

A little help  
can make a  
**BIG**  
difference!
