

ANIMAL
HOMES

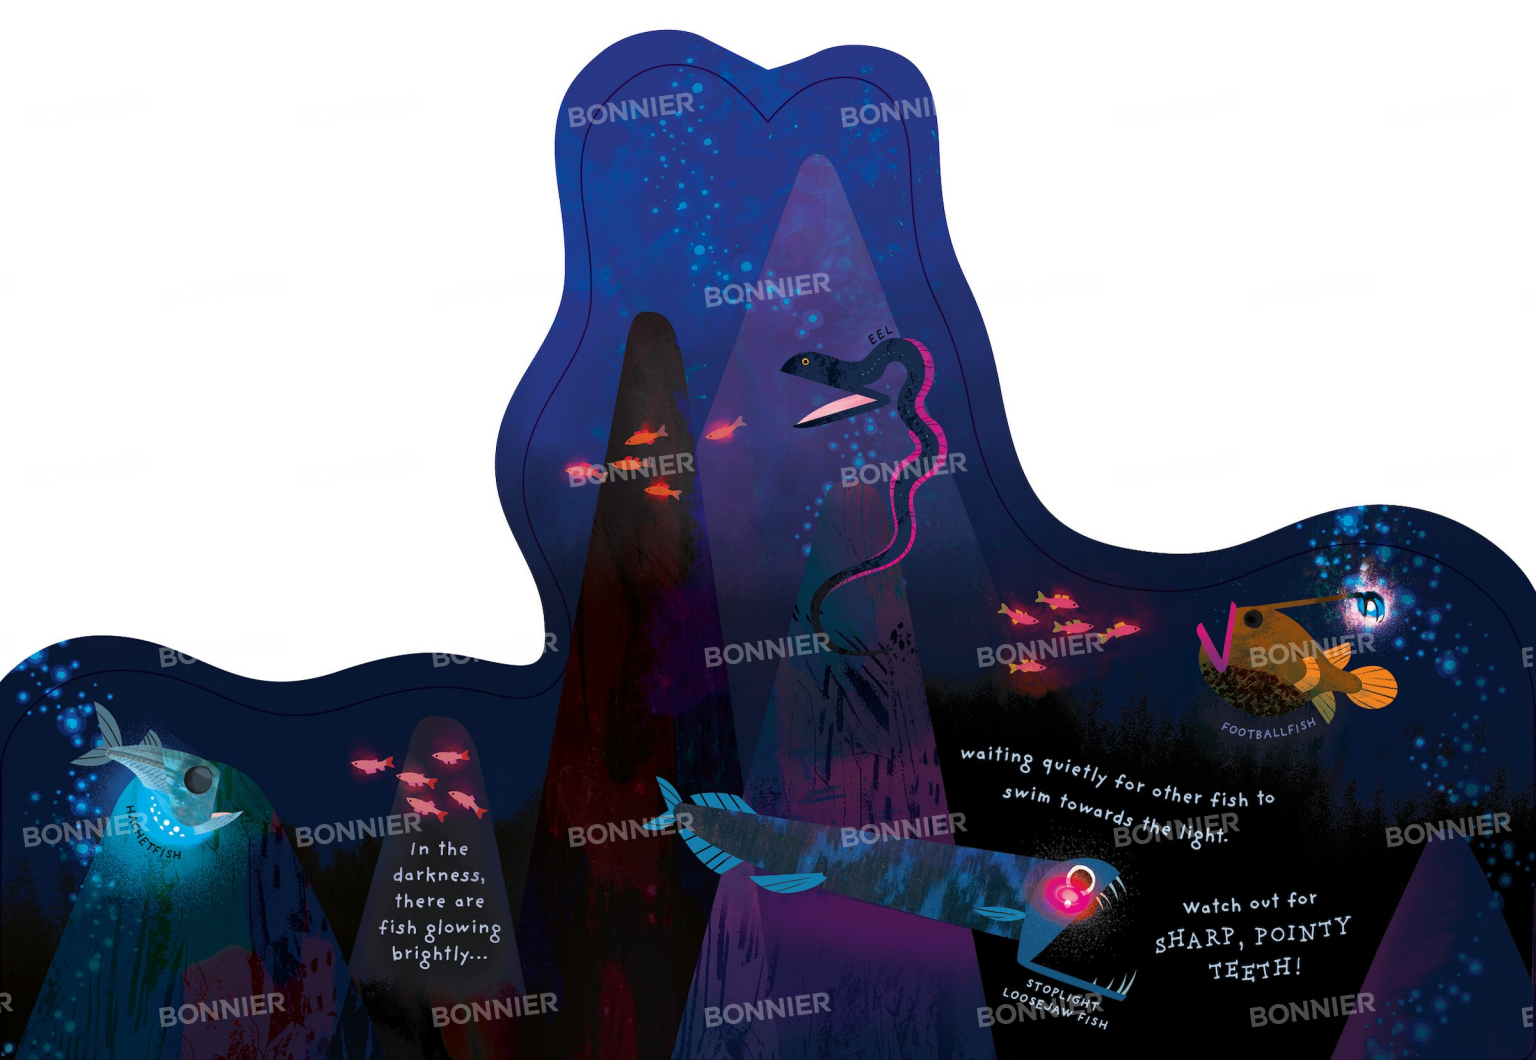

OCEAN

NATASHA DURLEY

The ocean is enormous,
so there is lots of space for
plants and animals to live here.

At the bottom of the ocean,
it is chilly and very dark. Can
you spot the strange, squishy
creatures swimming around?

SHARKFISH

BONNIER

In the
darkness,
there are
fish glowing
brightly...

BONNIER

BONNIER

waiting quietly for other fish to
swim towards the light.

BONNIER

BONNIER

BONNIER

Some animals swim here to find tasty food to eat.
Who is that diving down from above?

DOLPHIN

MANTA RAY

TURTLE

Swimming up and up,
it gets brighter
and warmer.

This is the perfect place
for most of the wonderful plants
and animals that live in the ocean.

SHARK

OCTOPUS

BONNIER

Near the surface, it is very
colourful. The coral reef is
like a busy underwater town!

How many creatures
can you spot on the reef?

GULL

Above the rolling waves,
lots of birds live on the seashore.

PELICAN

OYSTERCATCHER

Here you will see them **SWOOPING**
in the sky and wading in the rock pools.

PUFFIN
