Poppy was having the time of her life.

very  
wrong.

And then everything went  
from very wrong to  
totally terrible!

Poppy was in a  
huge pickle!

She had to get rid of everything FAST – before Mum and Dad found out!

Un-imagining the creatures didn't work... at... all!

So Poppy imagined a giant eraser to rub them out. But imaginary creatures are very tricky to catch, and Poppy was running out of time. Mum and Dad were at the door.

It took Poppy **all** afternoon to clear up the mess. When she had finally finished it was dinner time...

and she was still in trouble.

Big trouble.
