IMAGINE IF...

VEGGIES!

Green and crunchy cucumbers,
as cool as they can be.

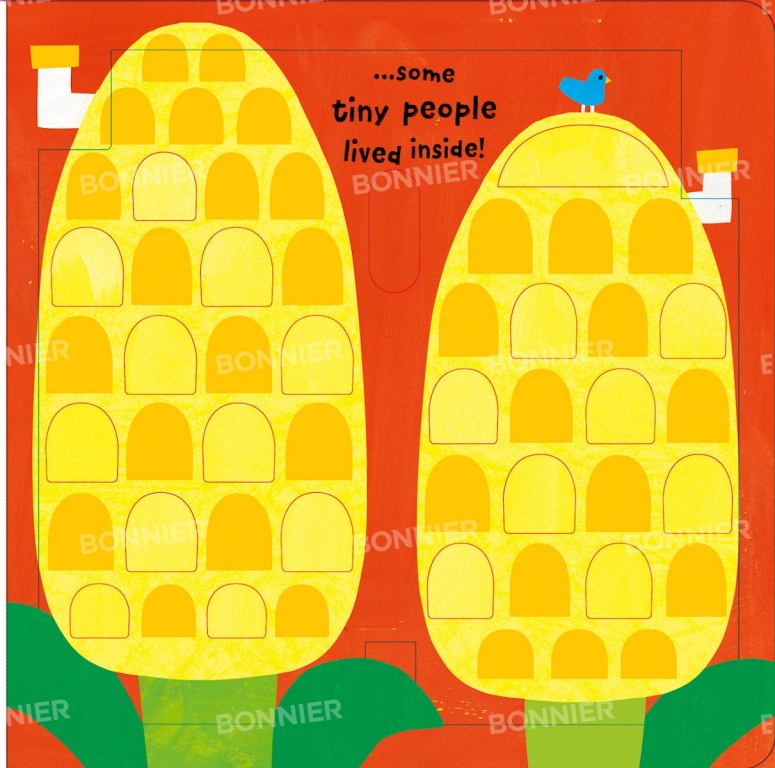

But I imagine IF...

Corn cobs sweet and yellow,
the tastiest I've tried.

But I imagine IF...

Asparagus, purple, green or white,
it's yummy dipped or plain.

But I imagine IF...

...it was a super-speedy train!

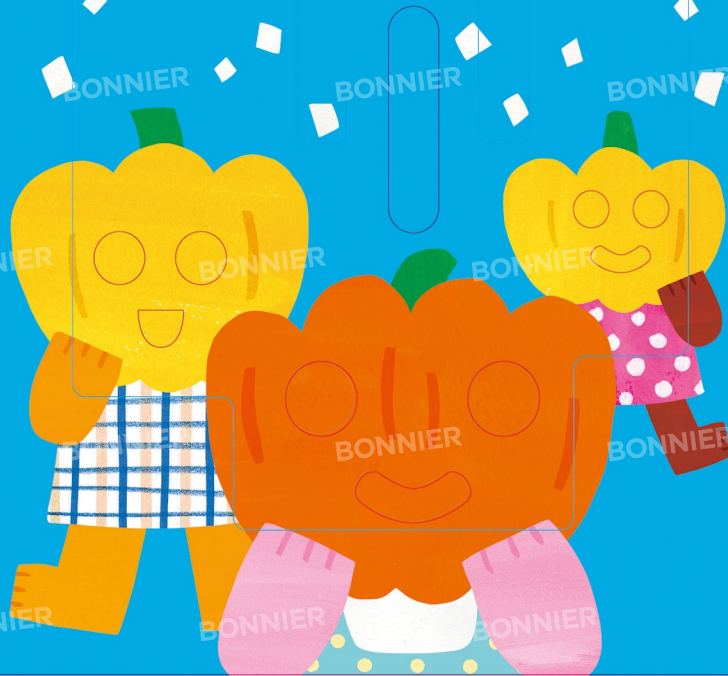

Golden orange pumpkins,
cooked or carved, I think they're ace!

But I imagine if...

...each pumpkin had a silly face!

Hooray for all the veggies,
that taste so good to me.

With my imagination...

there
is nothing
they can't be!
