

BABY  
STEPS

# Faces and Feelings

**TRACE**  
the trail  
**PULL**  
the face

Sometimes bear  
feels happy.

He smiles up to his ears.

Sometimes bear  
feels sad.

And down fall big wet tears.

Sometimes frog  
feels angry.

His face gets  
hot and red.

Sometimes frog  
feels calm.

And all thoughts  
leave his head.

Sometimes  
mouse feels  
scared.

Her lip begins to wobble.

Sometimes mouse  
feels brave.

She can take on any trouble!

Sometimes duck feels serious.

He glowers  
and he frowns

Sometimes duck feels silly.

He pulls faces  
like a clown!

Sometimes monkey feels excited.

Can it really be?

What face are you pulling now?

Have a look and see!
