

I REALLY WANT

the
Cake

Lucia Gaggiotti

Simon Philip

It's on the table sitting there.
I cannot help but stop and stare.
And now I'm really quite aware . . .

. . . I think I want
the cake.

The decoration's just so neat.
That icing looks like such a treat.
It smells so chocolatey and sweet!

I
REALLY
want
the cake!

I want it now, and though I'm small,
I'm sure that I could scoff it all.
But Mum has written in a scrawl . . .
