

A lift-the-flap book

HELLO,  
MRS  
ELEPHANT!

Sam Boughton

Welcome to the savannah!  
These grasslands in Africa are home  
to some **AMAZING** animals.

First off, say hello to  
**Rhinoceros!**

She has two  
**BIG** horns on  
her head!

Rhinos are  
**REALLY HEAVY!**

**HERBIVORE**

(That means she  
only eats plants.)

Meet the Zebra family.  
These wild horses are covered  
in black and white stripes.

They live in **BIG**  
groups called herds.

HERBIVORE

And here are the Wildebeest!

Every year thousands of zebras and  
wildebeest travel across Africa  
looking for food and water.

Hello  
Mr Wildebeest!

These are the **Lions**. They are known as the king of all the animals.

**CARNIVORE**  
(That means she only eats meat.)

Hello Mr Lion!

**ROAR!**

Male lions have lots of hair called a **MANE**.

A baby lion is called a **CUB**.

This is Cheetah.  
She is the **FASTEST** animal  
in the whole world. **ZOOM!**

Her long tail helps  
her balance when  
she runs.

The cheetah is the smallest  
of the **BIG** cats.

Cheetahs have  
**AMAZING** eyesight  
to spot their favourite  
food... **GAZELLE!**

**CARNIVORE**

Cheetahs can run at more than  
**100km** per hour!

Sharp claws help her  
run fast - like spikes  
on football boots.
