Sam Usher

Grandad said,  
“They’ll be here any minute!”

And I said,  
“All we have to do is play with her,  
feed her, and cuddle her!  
Easy!”

We said hello.

And first we tried  
playing with her.

But did she  
want to play?

NO!

I said, "Grandad, I don't think she likes me."  
And he said, "It's okay, cats have a mind of their own.  
Why don't we try feeding her?"

So we tried to feed her.

But was she hungry?

NO!
