IMAGINE IF...

**VEGGIES!**

Green and crunchy cucumbers,  
as cool as they can be.

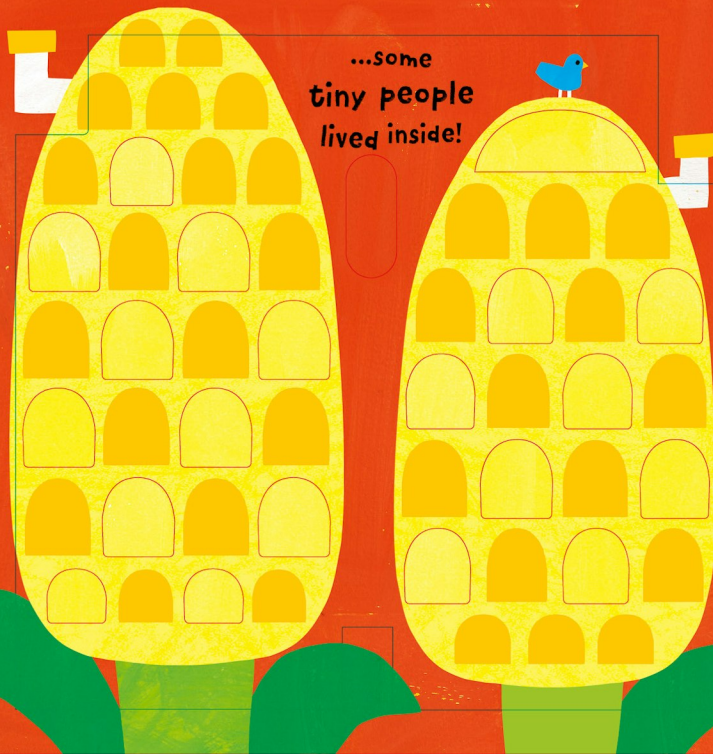

But I imagine IF...

Corn cobs sweet and yellow,  
the tastiest I've tried.

But I imagine IF...

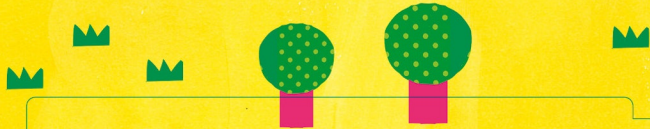

...some  
tiny people  
lived inside!

Asparagus, purple, green or white,  
it's yummy dipped or plain.

But I imagine IF...

...it was a super-speedy train!

Hooray for all the veggies,  
that taste so good to me.

With my imagination...

...there  
is nothing  
they can't be!
