THE
SIRCULAR
SQUARER

An uplifting story about how
our experiences shape us!

**Square used to be a solemn shape
who had his share of woe.**

**His corners got
a wallop,**

**wherever he
would go.**

**The sound of laughter in the air,
that lingers for a while.**

The zing of homemade lemonade.

A kind and friendly smile.

So wiser and **WELL-ROUNDED** now,
Square knew life could be tough.

But he learned another lesson, too:
the smooth comes with the rough.
