

GIGANTOSAURUS™

A BAD
NEWS
DAY

AS SEEN
ON TV

JONNY DUDDLE

One day, Tiny was on the hillside sketching Giganto, when suddenly she heard a loud RUMBLE. She looked up to see a huge cloud of ash rising from the volcano!

“Oh no!” Tiny gasped.
“The volcano is erupting! I have to tell everyone.”
She switched on her jet pack and flew off to warn the others.

Finally, when the eruption stopped,
Tiny went outside to announce the news.

The dinosaurs all cheered as they came out of hiding.
Suddenly, Tiny began to have an idea . . .

“Maybe I should report the news ALL the time!” Tiny announced.
“A news show sounds great!” said Mazu, cheerfully.
“And we can be your reporters!” Bill and Rocky agreed excitedly.

“Thanks everyone!” replied Tiny . “I can’t wait to see what you find.” Soon, and Rocky, Mazu and Bill set out across Cretacia to find stories for Tiny’s news show.

Tiny waited on the roof of the den where she could share her news with everyone on the savannah below. Soon, Mazu, Bill and Rocky arrived with their reports.

"Patchy saw Spinosaurus..." Mazu began to say. "The SCARIEST dinosaur in Cretacia?" Tiny gasped, "That's huge news!" Quickly, she sketched a picture and held it up for everyone to see.

"Spinosaurus?!" Iggy yelped at the announcement. "RUN AWAY!" The dinos below ran for safety, but Mazu hadn't finished her story...

“But Patchy wasn’t wearing glasses,”
Mazu continued, “so he’s not sure if it
was REALLY Spinosaurus.”

“That means it could have been anyone!”
gasped Tiny. Feeling annoyed, she announced
her mistake and the dinos below calmed down.

Sorry, Tiny.

I think you spoke
too soon . . .

“Wake me up when you have REAL news,”
said Iggy, slithering into a rock to take
a nap. As she watched Iggy disappear,
Tiny had an idea for a new story . . .

TINY TELLS!
Rock eats Dino!

“That’s not true!” shouted Bill, but Tiny had already whizzed away to spread her story.
