

Love is...

A celebration
of love in all
its forms

Sarah Maycock

But sometimes love sings a quieter song,
soft as the evening chorus,
but no less strong.

Love is

PLAYFUL,

like meerkats

rolling in the dust.

But love can be serious too . . .
looking out for each other,
when times are tough.

Love is

DARING,

like a bear cub exploring
the world for the first time.
