# FOREST

COVER NOT  
FINAL

Mel Matthews

A large black bear is the central focus, standing on all fours in a field. The bear is facing right with a friendly expression, showing its teeth. The field contains several simple line drawings of flowers and a single bee flying near the top left. The bear's body is outlined with simple black lines, and its fur is represented by short, radiating lines.

I'm a bear. My baby  
has fluffy black fur  
and big paws.  
Can you find him?

A small black bear cub is shown in a rounded rectangular frame. The cub is sitting on the ground, facing left, and is eating a long stick. The cub's fur is also represented by short, radiating lines. The background within the frame shows a few small flowers and a bee flying nearby.

I'm a  
bear cub.

I'm an owl. My baby  
has big eyes and a  
yellow beak.  
Can you find her?

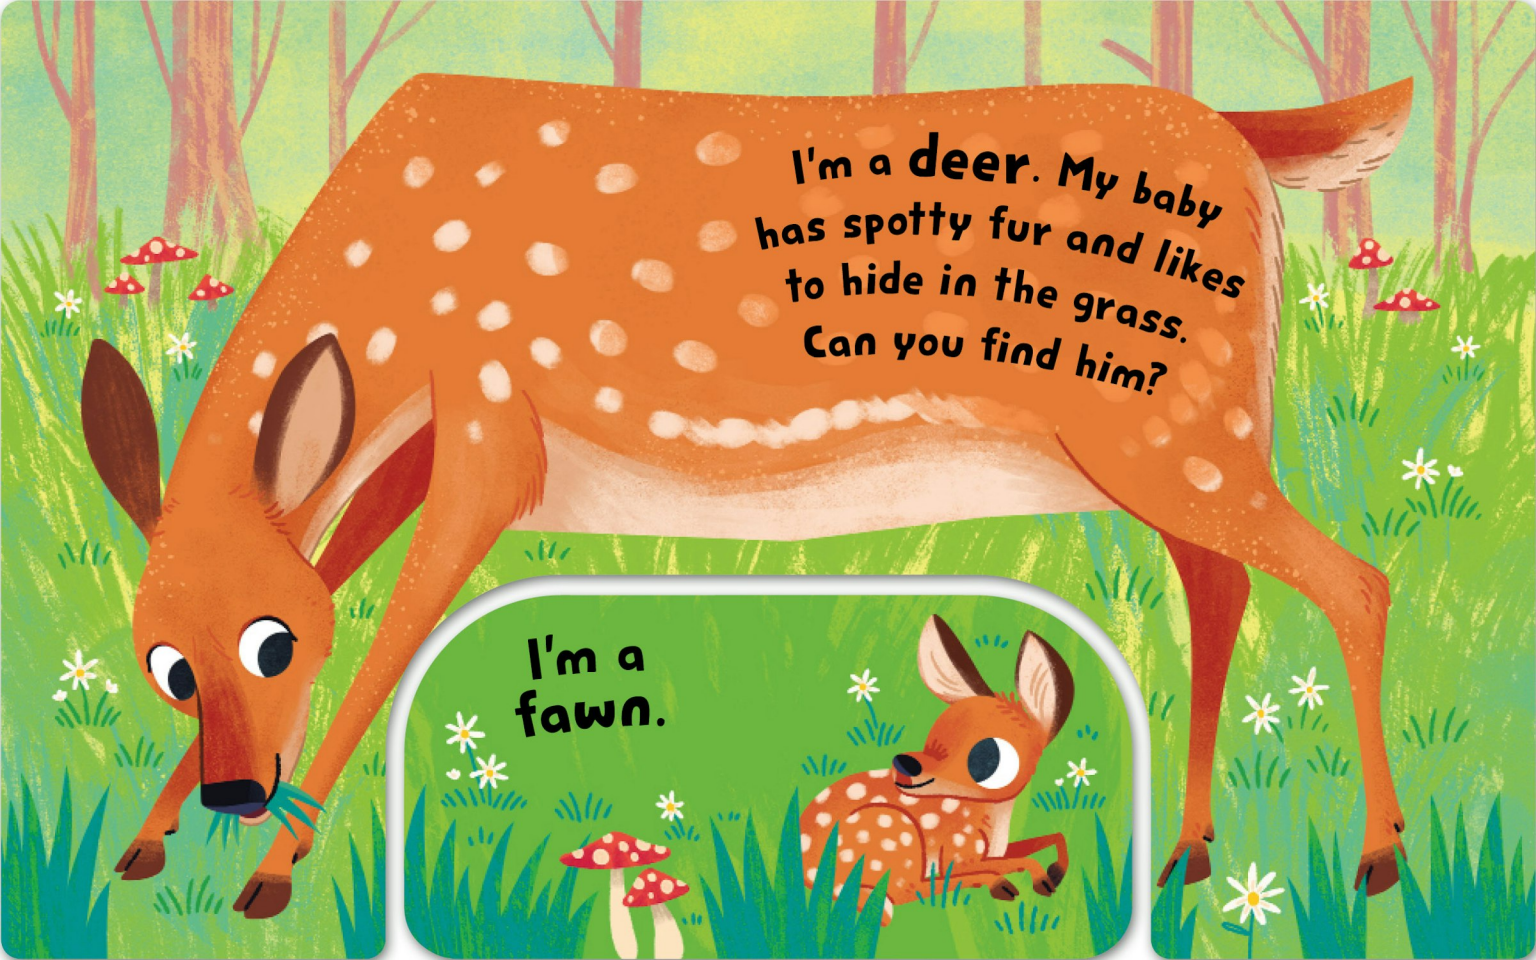

I'm an  
owllet.

I'm a **fox**. My baby  
has orange fur  
and loves to play.  
Can you find her?

I'm a  
**fox cub**.

A large spotted deer with brown fur and white spots is standing in a lush green forest. The deer is looking towards the left. The background features tall, thin trees and a grassy field with small white flowers and red mushrooms.

I'm a **deer**. My baby  
has spotty fur and likes  
to hide in the grass.  
Can you find him?

A small spotted fawn with brown fur and white spots is sitting in a lush green forest. The fawn is looking towards the right. The background features tall, thin trees and a grassy field with small white flowers and red mushrooms.

I'm a  
**fawn**.
