Gigantosaurus – Searching for Spinosaurus

Rocky raced ahead of his friends, charging after the olive tracks. But he was so busy looking them ...

Before he could reply to Rocky's questions, Patsy ran away into the trees. "What was that about?" asked Mazu. "I'm not sure! Let's keep going," Rocky exclaimed.

A terrified Patsy leapt out!

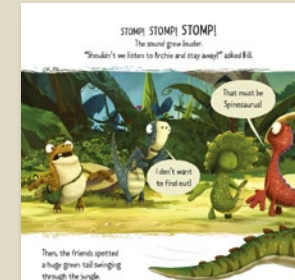

OH NO, SPINO!

"What's this 'Spino' thing everyone's so afraid of?" Mazu wondered out loud. "It's all in a name!" Archie squeaked from the treetops.

Spino is a Spinosaurus – the biggest, scariest olive alive!

"That's impossible," Rocky laughed. "Giganto's the biggest." "I'm warning you," Archie screamed, as an almighty STOMP shook the ground. "STAY AWAY!"

"Wow!" Mazu gapeed, flicking through her droppeds. "I've never seen that dinosaur before!" "I never want to see one again!" said BIG. "Can we go?" But Rocky, Topy and Mazu had other plans. They wanted to search for Spino!

I want to observe him up close!

From far away sounds safer ...

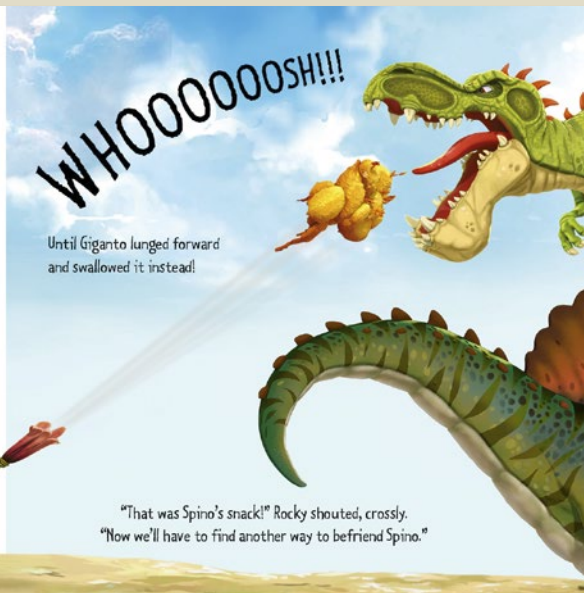

The dinos began to look for Spino, following where his tail went. "He's over there!" Mazu exclaimed, spotting its pointy, green tip. "But how can we get his attention?" asked Topy.

Food always gets my attention!

That's a great idea!

Mazu loaded her moss launcher and flung a tasty snack in Spino's direction. It was flying straight towards him ...

WHOOOOOSH!!!

Until Giganto lunged forward and swallowed it instead!

"That was Spino's snack!" Rocky shouted, crossly. "Now we'll have to find another way to befriend Spino."
