WANTED

FOR CRIMES AGAINST THE EMPIRE

**DEAD
OR ALIVE**

**REWARD
725,000**

CHEWBACCA

This rebel is the number one prize. Despite his towering height and distinctive smell, he is an expert at evading capture.

HAN SOLO

Not to be overshadowed by his mammoth co-pilot, this charming smuggler is well-known for his criminal activity. Where there's a Chewie, Han won't be far away.

MILLENNIUM FALCON

Home to Han and Chewie, this famous freighter is lightning-fast and rarely at port. If it's not in hyperspace, you might be able to spot it.

GREEDO

Short-tempered and overconfident, this unlucky Rodian was never the most skilled bounty hunter. Chewie shouldn't have too much trouble avoiding this guy.

BOBA FETT

The most notorious bounty hunter in the universe is on Chewie's trail. Beating him to the bounty will not be easy.

THE HUNT IS ON!

Find these characters in every location

DENGAR

This Corellian is held in high regard for his excellent track record of hunting down his mark. Look out for his turban and plated armour.

BOSSK

A fierce warrior and hunter, Bossk is renowned and feared for his success in the Clone Wars. He carries a large mortar gun that fires high impact bolts.

ZUCKUSS

This insectoid is from the planet Gand. You wouldn't want to come face-to-face with this skilled bounty hunter.

4-LOM

Often employed by the Galactic Empire, this former protocol droid is an expert in hunting down rebel activity.

IG-88

This bounty hunter was once an IG-series assassin droid. Watch out for those sensors, because this droid is fierce competition.

LOCATIONS

Hunt Chewie throughout the galaxy!

Chewie has a sizeable bounty on his head. Rarely seen without his partner-in-crime, Han Solo, this Wookiee has evaded capture on multiple occasions. They make their escape on the fastest freighter in the galaxy, the *Millennium Falcon*.

Can you find this furry criminal before other accomplished bounty hunters beat you to it? These are the locations that Chewie has been known to hide.

JAWA MARKET

The Jawas are in town with some droids to sell. Residents of Tatooine and beyond gather to grab themselves a bargain from these scavengers. Rebels know this is the place to find parts to repair their mechanical companions.

HOTH

Many a battle has been fought between the rebels and Imperials in this dramatic snowscape. The two sides bring their greatest firepower and soldiers to defend their cause, but they have to watch out for Hoth's local predators!

GEONOSIS

In the Outer Rim, on the desert planet of Geonosis, there lives a winged, insectoid species. Geonosians enjoy gladiatorial-style entertainment, with great beasts fighting it out in the famous arena.

CORUSCANT

This bustling Imperial city is seen as the centre of Galactic culture. As the home of the Imperial government and the Emperor himself, it's the last place you'd expect to find enemies of the Empire ...

MOS EISLEY

A busy day in the marketplace draws visitors from all over the universe. Described once as a "hive of scum and villainy", Mos Eisley plays host to smugglers, black-market traders and all-round criminal activity — the perfect hiding place for rebels.

STAR DESTROYER

This heavily-armed warship sails through the stars pursuing the rebels. Aboard are the most terrifying commanders in the Imperial fleet, plus a few unlikely visitors.

CLOUD CITY

In the sky above the planet Bespin there is a mining colony surrounded by clouds. Relatively unimportant to the Empire's plans, the city allows rebels to blend in and stay hidden. Or so the rebels think.

ECHO BASE

On the unforgiving plains of Hoth the rebels have found a refuge from the Empire. The base is protected by a deflector shield, and an ion cannon deters any unwanted visitors.

THE CANTINA

This fine establishment is a great place for spacers to enjoy a beverage, listen to music and engage in a fist-fight. It is an ideal spot for outlaws to pick up work, but it can also attract the attention of master bounty hunters.

EWOK VILLAGE

Up in the trees of Endor there lives a tribe of the most curious, furry creatures in the galaxy. Bright Tree Village is home to some brave Ewoks who, whilst appearing cute and small, are fierce when defending their kingdom.

JEDI TEMPLE

Home to the Jedi Order, Younglings are trained here in the ways of the Force. A spot of lightsaber training, a chat with the Jedi Council or a browse through the Jedi Archives are popular pastimes. Friends are welcome, unless you're a Sith.

THE DEATH STAR

Aboard the most powerful weapon in the universe, droids are hard at work, stormtroopers are preparing for battle, and operations to attack a rebel base are in full swing. Little do the Imperial forces know that the most notorious rebels are already in their midst.

JABBA'S PALACE

In the Dune Sea on Tatooine there lives a notorious crime lord named Jabba the Hutt. Jabba controls most of Tatooine's illegal operations, and his palace is often occupied by underworld characters. Bounty hunters find fortune here collecting debts for Jabba.

IMPERIAL HANGAR

An enormous space station like the Death Star holds many Imperial ships and soldiers. When the Emperor and his henchmen arrive, the hangar must be in perfect order, with not a stormtrooper out of place, nor a rebel to be seen.

KASHYYYK

Homeworld to the mighty Wookiee race, Kashyyyk is a dangerous place for enemies. These powerful, loyal and hairy creatures are ready for a fight, especially in protecting one of their own.
