# Attack of the Clones (Star Wars Cinematic Classics)

<p><b>CINEMATIC CLASSICS</b></p> <p><b>ATTACK OF THE CLONES</b></p> <p>There is unrest in the Galactic Senate. Several thousand solar systems have declared their intentions to leave the Republic.</p> <p>This separatist movement, under the leadership of the mysterious Count Dooku, has made it difficult for the limited number of Jedi Knights to maintain peace and order in the galaxy.</p> <p>Senator Amidala, the former Queen of Naboo, is returning to the Galactic Senate to vote on the critical issue of creating an <b>ARMY OF THE REPUBLIC</b> to assist the overwhelmed Jedi....</p> <p>Concussant - capital of the Republic. A vast, planet-wide city of gleaming metal towers, home to the Jedi Council and the Galactic Senate. Planted by alien golden starfighters, the Naboo royal cruiser came in to land. Obi-Wan saw Padmé Amidala, who had courageously served as Queen during the Battle of Naboo ten years before, and was now a respected senator.</p> <p>14</p>	<p><b>CINEMATIC CLASSICS</b></p> <p><b>EPISODE II: ATTACK OF THE CLONES</b></p> <p>Suddenly... an explosion! The senator and her aides were thrown to the ground as the royal cruiser blew apart in a burst of flame. One of the pilots dashed into the smoke, followed by the little astromech droid, R2-D2. The pilot tugged off her helmet. It was Senator Amidala, who had travelled to Concussant in disguise.</p> <p>Instead, the bomb had taken the life of her beloved husband, Corell. The young woman died in the senator's arms. Tearfully, Amidala looked up at her security officer, Captain Typho. "I should not have come back," she said.</p> <p>Typho shook his head. "This vote is very important," he told her. "You did your duty. Corell did hers."</p> <p>Meanwhile, in his private chambers, Supreme Chancellor Palpatine met with members of the Jedi Council, among them the venerable Master Yoda and the outspoken Master Mace Windu. Palpatine, formerly Naboo's senator, now exerted great power and influence over the Republic.</p> <p>As the Separatists grew in strength and number, it had become clear there were not enough Jedi to maintain peace in the galaxy. Palpatine asked Yoda if he thought war was inevitable. The old Jedi Master frowned. "The dark side clouds everything," he admitted. "Responsible to see, the future is..."</p> <p>Palpatine prepared that she be placed under the protection of the Jedi, suggesting that her old friend, the esteemed Jedi Master Obi-Wan Kenobi, might be the best candidate. Amidala was reluctant to submit herself to the care of a bodyguard, but Palpatine insisted there was no other option. The matter was decided.</p> <p>When Obi-Wan Kenobi arrived at Senator Amidala's chambers, he was not alone. With him was his Padawan, Anakin Skywalker, who, as a child, had found himself caught up in the Battle of Naboo. He was filled with nervous excitement at the thought of seeing Padmé again after ten years.</p> <p>The Jedi were greeted by another old acquaintance, Jar Jar Binks. The long-necked Gungan now served as a representative of Naboo in the Galactic Senate. Chatting with excitement, he called out to Senator Amidala.</p> <p>"It has been far too long, Master Kenobi," the senator said, crossing towards them. Then the spotted Anakin, standing awkwardly beside his master, "Hi!" she asked. "My goodness, you've grown."</p> <p>The young man blushed. "So have you," he said. "Green more beautiful, I mean. Well, for a senator, I mean."</p> <p>Palpatine smiled. "Oh, you'll always be the little boy I knew on Tatooine."</p> <p>Captain Typho informed the Jedi of Senator Amidala's security arrangements, but Padmé herself was impatient. "I don't need more security," she said. "I need answers. I want to know who's trying to kill me!"</p> <p>George and the Character: Palpatine costume. Acting on instructions from a mysterious figure in a silver helmet, the assassin Zam Wessel sent a flying droid to release a pair of centipede-like leeches into Padmé's chamber as she slept.</p> <p>Outside, the two Jedi sensed shadows of the threat. Indeed, Obi-Wan was more concerned for his apprentice - he knew that Anakin had been plagued by bad dreams about his mother, whom he'd left behind on Tatooine. "I'd much rather dream about Padmé," Anakin said. "Just being around her again is intoxicating."</p> <p>Obi-Wan reminded Anakin that he'd made a commitment to the Jedi Order, one which forbade attachments of romantic love. Little did they know, the course droid was at that very moment cutting a hole in Padmé's window and releasing the deadly creatures into her bedchamber.</p> <p>But before the leeches could strike, the Jedi sensed danger. They rushed into the senator's quarters, and Anakin closed the poisonous creatures in half with his lightsaber. Spotting the droid, Obi-Wan leapt at the window, shattering the glass and taking hold of the flying droid. Clinging desperately, he was saved away through the neon-lit cityscape of Concussant.</p> <p>Telling Padmé to remain in her chamber, Anakin rushed away to find a speeder. Clinging the engine, he set off in pursuit of his master.</p> <p>George and the Character: Zam Wessel. Ed Nativity / Marker</p> <p>16</p>																						
<p><b>CINEMATIC CLASSICS</b></p> <p>The droid veered sharply, trying to shake Obi-Wan loose. But the Jedi clung on, ignoring the sheer drop below and the angry gestures of oncoming speeder pilots.</p> <p>When Zam Wessel spotted the droid returning, she drew out a rifle and took careful aim. She fired, obliterating the droid and sending Kenobi plummeting towards the city below. Zam leapt into her speeder, rocketing away through the airborne traffic.</p> <p>Attuned to the Force, Anakin skillfully piloted the speeder towards the free-falling figure of Obi-Wan. Angling his speeder into a steep dive, he managed to catch Obi-Wan in mid-air. Together they pursued the assassin, swooping over flaming factories and through brightly lit tunnels. Then, just when Obi-Wan was sure they'd lost sight of their quarry, Anakin suddenly leapt from the speeder.</p> <p>"I hate it when he does that," Kenobi grumbled, taking the controls.</p> <p>Concept art for the speeder used by Zam Wessel. Zam tried to shake him off, but Anakin drew his lightsaber, forcing the assassin into a crash landing. The citizens of Coruscant scrambled clear as Zam fled from the wreckage, still pursued by Anakin Skywalker.</p> <p>Landing his speeder, Obi-Wan joined the chase. The two Jedi followed Zam into a bustling nightclub, where aliens of all kinds gathered to drink, bicker and play games of skill and chance. Anakin had become convinced that the assassin was a shape-changer, so Obi-Wan urged extra caution.</p> <p>As Anakin searched the premises, Obi-Wan ordered a drink. But when Zam tried to ambush him, the Jedi was ready, and moments later, the assassin was in their custody. "Who hired you?" Anakin demanded furiously. "Tell us now!"</p> <p>Before Zam could speak, she was struck by a poison dart, fired by the same masked figure who had sent her to assassinate Senator Amidala. ## ETERNITY ISLE BIOMES

Eternity Isle is a truly fascinating place, full of ancient wonders. It's home to three additional biomes, with twelve distinct regions, but these require Mist to unlock, rather than Dreamlight. Here's what you can expect to find in each region.

### ANCIENTS' LANDING

Upon arrival at Eternity Isle, you'll find yourself in Ancient's Landing – a mysterious set of ruins that appear to be very old indeed. The Docks show evidence of market activity, and are a great spot for fishing. The Marketplace is a small, enclosed area with a narrow passage to a tiny beach complete with Treadwater Table. The Overlook boasts fantastic views of the ocean, with some ancient ruins of its in the distance – perhaps the area was once used as a lookout post. The Ruins are all that remains of an ancient castle. Largely unused by nature, there's a small courtyard and a staircase leading to a balcony with a magnificent view of the surrounding landscape.

### GLITTERING DUNES

The vast Glittering Dunes are a vast area of desert with little in the way of plant life and evidence of ancient civilisation. The Palace is a wide expanse of flat ground with the remains of some ancient sandstone archways and steps. The Bazaar is at the foot of a hill leading up to the Palace, and are left across low dunes. The Villages show signs of previous habitation – there's a dispensary partially buried in the sand, and it's home to the Chief of Villagers, too. The Oasis is a rare, lush area within the desert landscape – it's covered in grass and flowers.

### WILD TANGLE

The Wild Tangle is the most remote of the Glittering Dunes. Within the Dunes are barren and arid, the Wild Tangle is lush, verdant and teeming with all sorts of life. The Greenhouse is the area of the island, with a river running through the center. The Promenade is a small, enclosed area with a narrow passage to a tiny beach complete with Treadwater Table. The Overlook boasts fantastic views of the ocean, with some ancient ruins of its in the distance – perhaps the area was once used as a lookout post. The Ruins are all that remains of an ancient castle. Largely unused by nature, there's a small courtyard and a staircase leading to a balcony with a magnificent view of the surrounding landscape.

### DEVELOPER NOTE

Working on Mulan's wardrobe was a labor of love for our team. We wanted to create a look that was both traditional and modern, reflecting her character and the game's aesthetic.

### MERMAID BEACH

True to its name, Mermaid Beach is a beautiful area with a sandy beach, clear water, and a variety of sea creatures. It's a great spot for fishing and relaxing.

A princess like Ariel deserves a stretch of beach that helps her to feel as at home on land as she does in the ocean.

## THE BASICS

Before you begin your adventure, it's a good idea to familiarise yourself with how Dreamlight Valley works – there are lots of ways to play, get creative and share the fun with friends.

### HOW TO PLAY

You can play Dreamlight Valley on PC, Mac, Xbox, Nintendo Switch and PlayStation. You can also play the Arcade Edition on Apple Arcade.

Dreamlight Valley lets you choose what kind of adventure you want to have each day. You might want to focus on completing quests to level up your friendships, or you may prefer to get creative and focus on designing your Valley and decorating your house.

Friendship is important in Dreamlight Valley, so naturally there's a Multiplayer option. You'll be able to invite your friends to visit your valley – and visit theirs – once you've completed Vanellope von Schweetz's quest, Valley Visits.

And there's more – a paid expansion pack called A Rift in Time is available, opening up a whole new island of exotic biomes, rare plants and materials and even some new friends.
