# Sleeping Beauty

**B**riar Rose grew into a girl with all the blessings the fairies had given her.

She was loved throughout the kingdom and the curse was all but forgotten.

On the princess's seventeenth birthday, she woke early and decided to explore the many empty rooms of the castle.

She climbed up spiral staircases and walked through forgotten rooms containing furniture and tapestries that were centuries old.

Briar Rose thought she was completely alone, but then she heard someone singing. Following the sound, she climbed a narrow stairway. At the top was a very old woman with a spinning wheel. The wheel whirred, the old woman sang her song, and Briar Rose wanted nothing so much as to reach out and touch the spindle.

"Mistress," said the princess, "please tell me what you are doing."

The woman didn't answer.

Maybe she cannot hear? thought the girl and, down towards the strange machine, she reached out her hand to it and pricked her finger.

A drop of blood bloomed on her fingertip, and then she fell onto the bed, fast asleep.

The old woman vanished.
