How To Draw Christmas

Drawing materials

Try using different types of drawing paper and materials. Experiment with charcoal, wax crayons and pastels. All pens, from felt-tips to ballpoints, will make interesting marks – or try drawing with pen and ink on wet paper.

Pencil drawings can include a vast amount of detail and tone. Try experimenting with different grades of pencil to get a range of light and shade effects in your drawing.

lines down in **ink**, connective tissue, so keep your ink straight, steady and low right. Don't worry about mistakes, as these lines can be lost in the drawing as it develops.

Adding light and shade to a drawing with an ink pen can be tricky. Use solid ink for the very darkest areas and cross-hatching for ordinary dark tones. Use hatching for mid-tones, and leave the white of the paper for the lightest areas.

Crisscrossing is the use of straight lines that cross each other. **Interlocking** is when short parallel lines are used to create form.

Fish tips: comes in a range of liver widths. The widest points are good for filling in large areas of flat tissue.

Christmas alphabet

It is fun to create your own hand-drawn lettering. Here is an example of how to design a jolly Christmas-themed alphabet. Use it for cards, invitations and posters, or use it to spell out someone's name to personalise special gifts.

The construction then leads to
an infinitely proportionate one & better
in your alphabet.

You can create a wide variety of different Christmas themes, such as a gift-wrapped letter or a mouse-capped brick letter, as shown in these two examples of the letter **H**.

Here are some ideas for a Christmas-themed alphabet:

A decorative alphabet set featuring 26 letters from A to Z, each rendered in a unique, stylized font with various patterns and designs. The letters are arranged in five rows: Row 1: A, B, C, D, E; Row 2: F, G, H, I, J, K; Row 3: L, M, N, O, P; Row 4: Q, R, S, T, U, V, W, X, Y, Z; Row 5: A, B, C, D, E, F, G, H, I, J, K, L, M, N, O, P, Q, R, S, T, U, V, W, X, Y, Z. Each letter is intricately designed with different patterns, including stripes, polka dots, floral motifs, and geometric shapes.

Santa Claus' sleigh

The modern idea of Santa's sleigh and the names of his reindeer, comes from the poem *The Night Before Christmas*. It was originally published anonymously in 1823 in the *New York Sentinel*. Rudolph was not invented until 1939, when he featured in a booklet that was sold at Montgomery Ward department stores.

Draw in the reticulovesicular lining layer.

Now add each rotator's head on either end of frame.

Now attach the boiler to the chassis with the axle for the pistons.

Add the back end of rotator.

Add the front end of rotator.

Add the pistons and fuel tank.

The final model is now done and ready to run. Add the wheels to the back end of the engine.

Now connect the engine to the track.

Perspective

If you look at anything from different viewpoints, you will see that the part that is closest to you looks larger, and the part furthest away from you looks smaller. Drawing in perspective is a way of creating a feeling of space - of showing three dimensions on a flat surface.

The vanishing point (VP) is the place in a perspective drawing where parallel lines appear to meet. The position of the vanishing point depends on the viewer's eye level.

Two-point perspective uses two vanishing points: one for lines running along the length of the subject, and one on the opposite side for lines running across the width of the subject.

Rats

Animals like rats make great cartoon characters. You can give them personalities and expressions, just as you can with your cartoon people.

Bulldog

The bulldog is a classic cartoon character. Its face is perfect for a grumpy expression, which usually gets it a character all of its own.

Figure work

Adding clothes to a figure can help to define the character. This figure is dressed as a Victorian maid.

How To Draw Fantasy Art

Drawing materials

Try using different types of drawing papers and materials. Experiment with charcoal, wax crayons and pastels. All pens, from felt-tip to ballpoint, will make interesting marks - or try drawing with pen and ink on wet paper.

Pencils are over used these charcoal and come in a wide range of colours. Add an adult to your pencil drawing with charcoal to prevent smudging.

Use your mouse and other tools to create some parts of a drawing from with wax crayons.

Character proportions

This page shows some of the more popular fantasy figures and their proportions compared to a normal human figure. On average, the length of a human head should fit eight times into its body length. When you draw a fantasy figure anything goes - so let your imagination go wild.

Man beasts

Combining a human figure with an animal's head can create a great hybrid monster. You can get inspiration by drawing from life models. Photos from sports movies and figure reference manuals are a good source too. Why not try putting a snake or lizard's head on a human body - see what you can create!

Amazon warrior

This powerful female figure is a classic action fantasy character. She must look strong and powerful but retain her femininity and beauty.

Sketch cylinder shapes for each arm which join at the elbow.

Add the basic shape of the hand.

Legs: add the curved lines of the upper and lower leg, indicating the knee joint.

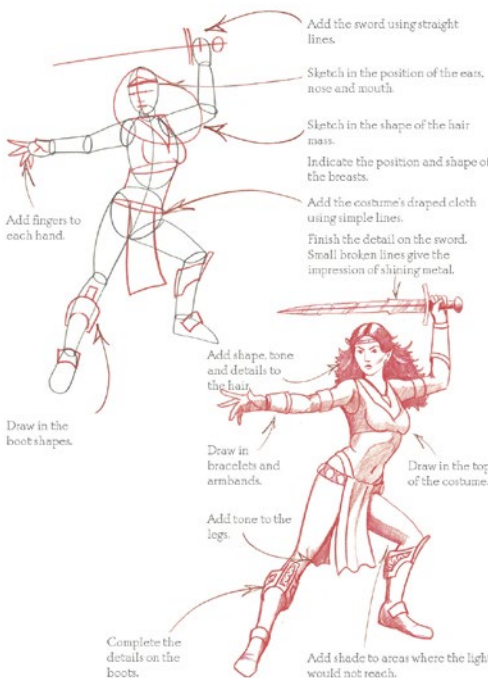

Add the foot shape and direction.

Draw in ovals for the head, neck, body and hips.

Draw a long curved line to start the position of the body.

Drawing hands
Practise sketching your own hands in different positions. This will help you draw expressive hands on your characters.

How you see

Light passes through a hole called the pupil, in the coloured part of your eye. It passes through the lens which focuses it on the retina at the back of the eye. This sends signals via nerves to your brain.

Tricking the eye

Look at this picture for a minute or two. Then close your eyes. You should see an image of the skull even though your eyes are closed.

Look at the circles in the centre. Which looks bigger? Now measure them with a ruler.

Colour the pictures

Check your pulse

Every time your heart beats, it sends a surge of blood through your arteries. These little surges are your pulse.

Feel your pulse by pressing two fingers on your wrist below the base of your thumb.

Eating and exercise Make your heart beat faster. Time your pulse after doing different activities for two minutes. Record the results below.

Activity	Resting	Eating	Walking
Beats per 10 seconds			
Activity	Running	Shopping	Swimming
Beats per 10 seconds			
Activity			
Beats per 10 seconds			

Multiply the number of beats by 6 to find the number of beats per minute.

Match the skeletons

The adult skeleton contains about 206 bones. The smallest bones are in your ears!

Find the skeletons that match exactly!

How tall are you?

Measure your height and draw yourself between the two figures.

An adult's height is eight times the size of the head.

A baby's height is four times the size of its head.

How many times does your head fit into your height?

Follow the tail

Biggest and smallest

The tallest Man who ever lived, American Robert Wadlow, was 2.72 M.

Average human 1.65 M.

Chandra Bahadur Dangi of Nepal is the shortest Man, 0.55 M.
