Hello Happy! Mindful Kids

I'M FEELING KINDA...

How are you feeling? Whether you're happy, sad or full of joy, it's okay. All emotions are okay - which is a good thing as we have loads of them!

Circle a name and draw the expression to fit the emotion. Or add the emotion to fit the expression.

BRAIN BREAK!

To calm your emotions and feelings you need to spend your time. To do this you need to give your brain a break by switching off from the every day things which have caused difficulty on your head.

The first thing to do is to get rid of the noise around you and learn to be alone. It may feel uncomfortable at first, but here's what you need to do:

- Turn off the TV
- Turn off any video games
- Turn off any radio or stereo
- Put smart technology, phones, tablets etc away
- Close windows to the outside world so you can't hear car engines and sirens
- Take yourself away from people talking

Once you've done this...

Sit still in a comfortable position, close your eyes and concentrate on breathing in and out, in and out.

Now, in this quiet calm state ask yourself how you are feeling.

See yourself the chance to recognize any underlying feelings of anger, sadness, worry or anxiety and give yourself permission to feel that feeling.

For example say:

"I am feeling SAD. I feel SAD because I had a bad day at school. I will not always feel SAD, but right now I feel SAD and that's OK."

Repeat the sentence 5 times.

FEELING FEELINGS

Sometimes your feelings don't want to stay inside. Sometimes they want to JUMP AND EMERGE OUT!

Write where and how you feel when you're sad on this dummy.

Write where and how you feel when you're angry on this dummy.

MY BEATING HEART

Take some time to get to know your heart rate. Take your pulse by holding the two fingers nearest your thumb to your neck or to the underside of your wrist.

Like all emotions, anger releases chemicals in your brain, which then cause changes in your body that you can feel. One of these changes is an increased heart rate.

TRY TAKING YOUR PULSE WHEN YOU HAVE...

- JUST WOKEN UP
- RUN ON THE SPOT FOR 3 MINUTES
- HAD A ROW WITH SOMEONE
- EATEN A BIG MEAL
- JUST BEGUN A PIECE OF HOMEWORK
- READ A CHAPTER OF A BOOK
- BEEN FOR A WALK

Write down the beats per minute for each of these.

REMEMBER! Anger can be positive. Many people have made good changes in the world because they felt so angry about something they used the anger to spur them on to positive action. What makes you angry in the world? How could you make a difference?

DID YOU KNOW? Your heart rate will also increase when you are stressed or afraid.

THE ANGER ICEBERG

Anger never exists on its own - there are always underlying emotions causing it. Add more emotions to the underwater part of the iceberg to show the other emotions which might lead to you feeling angry.

TAKE A BREATH!

Try this breathing exercise to help you relax:

STEP 1

Make sure you are sitting comfortably in a quiet and safe place. When you feel ready, close your eyes. Notice your breathing. Think about how it feels breathing in and breathing out. Try to breathe in through your nose and out through your mouth.

STEP 2

Place your hand on your tummy and focus on the feeling of your stomach rising and falling with each breath. When you breathe in, quietly say 'in' to yourself, and when you breathe out, quietly say 'and out' to yourself.

STEP 3

Concentrate on nothing but your breathing and try to let go of any other thoughts you may have.

When you've had lots of practice at the breathing exercise, see if you can think about a happy memory at the same time. This way, your happy memory will take up all the space in your brain, and there won't be any room for the worries.

The Incident at Camp UFO

"I CAN'T BELIEVE YOU TOOK ONE PUPPY!"

"IT SAYS HERE ONE OF THE CAMP'S VERY FAVORABLE IS EXPERIENCED ARTISTS IN ALL ITS INDUSTRIES!"

Pawan glanced around at the dark forest, the glowering lake and the far-off mountains. "Right, sure that. What now?"

"Um..." said Dad, scratching his hat. "How about ghost stories? Anybody know any?" Nobody did.

"Come on!" Val whined. "Something scary HAD to have happened here. A masked fool with a murderous vendetta against camp staff? Mad as a hatter? Mad as a hatter? A tragic dog-eat-dog accident?"

Dad thought for a moment. "Well, there is ONE. But we're not allowed to read and I'd love to be in the woods. So, well, longer than anyone can remember. He's just always there, lurking. Sometimes you see him on the lake in a boat, cackling like this. "Dad pulled a face like a cat that has about to be sick and produced a deep hacking cough."

Frankie, Val and Xinyi frowned. Even Pawan looked momentarily less sulky. "So on..." promised Frankie after a split second.

"Well, that's not it!" Dad admitted. "So that's your ghost story, is it?" said Val. "So all those bats in the wood, the a-cough and looks around a bit?"

"Well, yeah," Dad mumbled, defensively. "I mean, he's quite weird."

The gang froze as a sheep, hacking cough, whined across the valley. On the lake, a raft of four people (chopped into two with a head and man hunched over the other).

"Dad!" whispered Val. "Dad!" replied Frankie.

The Early Birds noticed in silence as the boat disappeared out of view. "I mean, it's not that scary..." said Frankie.

"Well," she agreed, rather uncharacteristically. "No, can't help being old and coughing!" "Forget it!" ruffled Dad, going on all pretence of 'warning young people' for the day. "You going to bed. Put the fire out before you leave and be careful of the... uh... water!" He seemed eagerly towards the lake before heading off in the direction of the hut.

"Can he do that?" asked Xinyi. The others turned to her, surprised. "This was the first thing they remembered Xinyi saying since they arrived. "It's a TERRIBLE camp coincidence!" she added.

Then suddenly, she screamed.

AAAAHHH!!!

Getting to know UFO!

Name: Poppy Age: Unknown
 Breed: Unknown
 Favorite Food: Fish
 Favorite Place: The Water Hut
 What's in your pocket: much light and...
 If you were a flower what breed would you be? You decide!

"It's a DOG!" exclaimed Xinyi, scrambling over to the furry creature before the others could even register the transformation of their quiet companion to a doggy friend. "What's a good boy like a good... girl like her sister in New Poppy?" "Hello, Poppy!" Poppy's tail thumped in reply. She LOVED when people knew her name.

SPOILER ALERT! THIS WAS NOT AS INTERESTING AS IT WAS GOING TO BE.

INCIDENT INCOMING

The Early Birds looked at each other in utter astonishment, then sprinted towards the lake. Poppy followed, barking madly. She didn't have a clue what was going on, but she loved running.

"You realise what's happening now right?!" puffed Pawan, struggling to keep up with the others. "A SUPERHERO ORIGIN STORY! Space rock falls from the sky, local kids find space rock, space rock makes them FLY or TURN STRETCHY or give them the power to make people EXPLODE or something!"

"Was it definitely a space rock?" asked Val. "Whatsit called? An asteroid. Maybe it was a satellite. Or a part of a PLANE! I heard once that an aeroplane's toilet chute opened and the stuff inside fell out of the sky, and because it's SO cold up there, it FROZE and hit a man and everyone knew that he'd been squashed by a massive frozen ball of POO!"

"Definitely not poo," said Frankie, who had made it to the shore first. The others arrived and stared out at the emanating water. "Poo doesn't glow."

"Woah" said Val, astutely. "I guess we should report this to, uh, whoever you report asteroids to?" Frankie posited. "Um, sorry, I think you mean meteorite," said Xinyi, apologetically. "Asteroids are when they are in space. When they fall they are a meteor, and when it lands it's a meteorite..." Xinyi frowned. WHY did I have to say that for? Now they'll think I'm a COMPLETE dweeb...

Frankie turned to her and smiled. "Thanks, Xinyi. It's probably best we know exactly what it is when we tell..."

"Or," interrupted Val, "we DON'T tell anyone and fish it out ourselves!" The gang looked down at the glow once more. Pawan nodded slowly. "Yeah, I mean, do you KNOW how much meteorites go for online?" He said, biting his lip. "Like, mucho gold coins. Plus, still hoping for superpowers here..?"

"Yeah! Come on Frank-le-plank!" beamed Val. "I wanna make people explode!"

Frankie sighed. She saw what this was. Just because she was older – just because she wasn't suggesting stupid things like FISHING FOR (potentially) MAGIC SPACE ROCKS – they were making her be the mum. The sensible one. The leader. Frankie took a deep breath. Not today. Not this entire summer, actually. She had decided in the car that this summer, she wasn't going to be in charge of ANYTHING. Especially not Val.

"Yeah, okay. Let's get the meteorite out of the lake," the new, relaxed go-with-the-flow Frankie replied. "So... how are we going to do that?"

How COULD the gang fish the meteorite out the lake? When you think you've got it, turn to the next page - or check the answer at the back!

Hint: Try skipping back a few pages and see if there's any helpful lake-related gear!

How To Draw Pets

Heads, paws and claws

Pets have many different types of heads, paws and claws. Studying and sketching the detailed features of a pet will help you with your final drawings.

Quick pencil sketches can help you to understand the structure of paws and claws.

Look for areas where hair should be darker and also for changes of texture.

The more you study a subject and your final drawing is the more accurate your drawing will become.

Always consider the light source and add tone to the darker areas.

10

Using photos

Drawing from photographs of pets can help you develop both your drawing skills and your eye for detail.

Make a tracing of a photograph and line up all the squares in it.

Use this as a guide for drawing your pet. You can use a pencil to trace the outline of the pet and then use a pen to draw the details. You can also use a pencil to draw the details and then use a pen to draw the outline.

12

Dog

Dogs are often kept as domestic pets but some, like sheepdogs, are used for work.

Draw a circle for the head. These two circles help you to find the shape of the front legs and the chest for the shape of the back legs.

Add a small shape for the ear.

Draw the shape of the tail with curved lines.

Sketch in the construction lines to show the muscles.

Draw the shape of the front legs, adding to the neck and chest.

Sketch in to define areas of fur, help to define the shape of the dog's front legs.

Add lines to the front to define the front paws.

Sketch in the shape of the back legs, adding to the back and tail.

Sketch in the back of the dog, adding to the back and tail.

Complete the shape of the head.

Add areas of fur to the dog's body, using the pencil to create the fur and the pen to create the fur on the dog's legs.

Remember to use cross-hatching to create the fur on the dog's body.

18

Rabbit

Rabbits are popular pets that are usually kept outside in a hutch.

Draw a circle for the head and two ovals for the shoulders and rear.

Draw two long connecting curved lines.

Add two front legs using straight lines, and use half circles for the front paws.

Sketch in the basic shape of the rear legs and paws.

Position the rabbit's ears on its head.

Add a little round tail.

Add the head details, draw in the ears, eyes, small nose and mouth.

Add tone to the rabbit's body to give the impression of fur.

Add shading to areas where the light would not reach.

How To Draw Cartoons

Perspective

If you look at any object from different viewpoints, you will see that the part that is closest to you looks larger, and the part furthest away from you looks smaller. Drawing in perspective is a way of creating a feeling of space - of showing three dimensions on a flat surface.

It helps to use a simple construction of one-point perspective. The horizon line is the line that the object sits on. The vanishing point (VP) is the point in the distance that all lines seem to converge towards. The horizon line is always at eye level.

Two-point perspective drawing
For more perspective, you can use two-point perspective. This is done by looking at the object from a slightly different angle. The horizon line is still at eye level, but the vanishing points are now on either side of the horizon line.

Low eye level
The horizon line is below the object, making it look tall and imposing.

Normal eye level
The horizon line is at the same level as the object, making it look natural.

High eye level
The horizon line is above the object, making it look small and distant.

VP = vanishing point

Rats

Animals like rats make great cartoon characters. You can give them personalities and expressions, just as you can with your cartoon people.

Start your drawing by sketching in simple shapes. Mark it in an oval for the head. Add a line for the ears. The simple curved lines to show the ears. Add lines for the eyes. Bulldog

The bulldog is a classic cartoon character. Its face is perfect for a grumpy expression, which instantly gives it a character all of its own.

Start by sketching the head in a simple oval. Add a line for the ears. The simple curved lines to show the ears. Add lines for the eyes. The simple curved lines to show the eyes. The simple curved lines to show the eyes. The simple curved lines to show the eyes.

Figure work

Adding clothes to a figure can help to define the character. This figure is dressed as a Victorian maid.

Start by sketching these simple shapes for the figure. Draw an oval for the head. Add ovals for the body and hips. Draw straight lines to connect the ovals and show the positions of the limbs. Draw tube shapes for the arms, using your construction lines as a guide. Draw two shapes for the feet. Add a small circle for the position of the big toe. This will help you draw the shoes.

Drawing hands
Follow these steps to help you draw the shape of a hand. As you get better you will be able to draw different hand gestures.

Two parallel lines show the soles of the shoes. Try drawing these hand gestures.

TATTOOS

In the early nineteenth century over 90 per cent of all sailors sported a tattoo. They marked milestones in a sailor's voyage and served as reminders of the places they had been. But mainly, tattoos were believed to be good luck talismans.

BATTLESHIPS

YOU WILL EACH NEED:
2 grids (see page 81)
A black pen
A red pen

BATTLESHIP RULES (2 PLAYERS)

- Both players have two grids. Each player must secretly place (either horizontally or vertically) a Square rigger, a Brigantine, a Schooner and two Sloops on one grid. Use the key below to see how many squares each type of ship should fill.
- Players take turns to call out a 'co-ordinate' (a letter and a number) to guess where their opponent's ships are placed. Your opponent checks their grid, and shouts 'hit' if you have guessed correctly and 'miss' if not.
- Keep a record of all your guessed co-ordinates on your spare grid. Use black for a 'miss' and red for a 'hit'.
- The first player to sink all his enemy's ships is the winner.

OUR FRIEND, THE EARTH

Colour in our amazing planet!

The Earth gives us a home to live in, food to eat, medicine to heal us, water to drink, air to breathe, and energy to run our machines, towns and cities. It is more important than ever to treasure and protect it.

WHAT IS THE ENVIRONMENT?
When we talk about the environment, we mean everything in the world around us. This includes the air, water, plants, animals and food chains.

ONE AND ONLY
The Earth is the only planet in the Solar System with exactly the right conditions for us to survive. It is not too hot, nor too cold, allowing it to support life.

NATURAL HABITATS
The Earth is very diverse. There are mountains and deserts, forests and oceans, ice caps and grasslands. This rich variety provides homes for countless species of plants and animals.

UNDER THREAT
Over the course of many centuries, the Earth's human population has grown. We have had a massive impact on the environment in which we live. We have created pollution on the land, in the skies and in the seas.

CLIMATE CHANGE
One of the biggest consequences of pollution is climate change - the Earth is warming up faster than ever before. Scientists believe that this warming could seriously disrupt the way that our environment works.

ALL CONNECTED
The Earth is finely balanced. The water cycle, weather, plants and animals, and the passing of the seasons, all work in harmony with each other. A small change to any of these can affect others massively.

WE'VE ONLY GOT ONE EARTH. IT'S OUR JOB TO TRY TO PRESERVE THIS UNIQUE ENVIRONMENT. LET'S DO IT TOGETHER!

Be Kind! Mindful Kids Global Citizen

BEHAVIOUR BOTHER

When someone says or does something unkind, it can make you feel sad, bad or angry. Being unkind to someone can make you feel negative emotions too. You may also feel guilty for your actions.

YOU ARE REALLY RUBBISH AT RUNNING!
I wish I could run as fast as you.

ONLY BABIES AREN'T ALLOWED TO PLAY OUT IN THE PARK AFTER SCHOOL.

YOU HAVE NO FRIENDS!
I'm not sure if people really like me.

HE'S WORSE THAN ELIS! SHE MIGHT PICK ON ME NEXT!

ELISA SAYS NO ONE SHOULD TALK TO YOU BECAUSE YOU'RE SNEAKY.

It is important to understand that you are not a bad person just because you have said or done something negative. The important thing is to apologise and to do things differently next time.

Look at the people below. Draw a line between the matching thought and speech bubble.

It can be difficult but useful to think about your own mistakes. Write down some of the unkind things you have said or done in the past on the label tape. Think about how the other person felt, any consequences of your unkindness and what you have learned since.

WHAT CAN WE LEARN ABOUT OURSELVES?
Being unkind is often a reaction to anger rather than selfishness. It's important not to take unkindness personally, but not do you have to tolerate it. Take some time to look at yourself, and think about when and why you've been unkind.

SMILING IS CONTAGIOUS

A heartfull smile is the first step on the road to kindness. Smiling is a simple way to lighten anyone's day. It is also contagious. The more you smile, the more you'll make others smile.

Draw a smile on each face once you've given each of these practical activities a try.

Smile when you walk into a shop.

Smile at your teacher.

Smile at the person who answers your post.

Smile at someone who is not in your school year.

Smile at a neighbour.

Smile while you talk on the phone, even though they can't see you.

STUCK FOR SMILES?
On a separate piece of paper, write down three silly things that have happened this week and share the funny stories with anyone who needs a giggle.

#CHOOSE KIND

With online bullying and social media issues often in the spotlight, it's easy to forget that technology can also be a force for good. Sending an email or a text message is a super-fast way to spread some joy.

Think about the people in your life and then write some short but positive messages on these screens.

WORD TO THE WISE!
Check with a trusted adult before sending text or online messages.
