Art of Protest

INTRODUCTION

When I was a kid growing up in Mississippi and Tennessee in the United States, I learned early on about social injustices that exist in the world.

I remember defending myself against bullies who did not like me because of my dark skin. I recall watching my favourite TV shows and learning about South African apartheid, police brutality, the global AIDS crisis and historic movements for civil rights through episodes that dared to highlight these causes.

As I recognised the power of the media in expanding my knowledge, I began to create art in my teens that reflected the issues happening around me - 9/11, Hurricane Katrina, the Jena Six trials. And by the time I found myself as an arts organiser on the ground in the 2011 Ferguson Uprising, I felt equipped with the experience to deploy art as a way of bringing people together to raise our collective voices.

Throughout this book, you will learn the art of protest through the many artworks, experiences and campaigns that have been created across the world to protest social injustices and advocate for the rights and liberties of diverse communities. You will learn a lot of my story as well as the stories of others – leaders, artists, youth and everyday people – who have used art as a tool for organizing communities and catalyzing change. However, I hope you will also see the art of protesting. Tips and strategies are shared throughout this book to help you exercise creative ways to modify, organize, create and protest with others. Suggested art activities range from simple protest signs to designing banners, building sculptures, organizing flash mobs and making cause-specific artworks.

With this, you might be more compelled to raise your voice about the issues, causes and global concerns that matter to you. Our society constantly experiences waves of social movements, campaigning for justice and fights against climate issues and disease on a global scale. And no matter where you live, or what language you speak or what cause you choose, it is my hope that this book will encourage and equip you to use art as a language and instrument that can help you champion your chosen cause.

01 WHY ART MATTERS IN SOCIAL MOVEMENTS

MY STORY AS AN ARTIVIST IN FERGUSON

On August 7, 2014, my life - like those of many in my home city of St. Louis, Missouri - was forever changed when I learned that a teenager had been killed by a police officer while walking along the streets of his grandmother's neighborhood. His name was Michael Brown Jr. and his body lay in the street for four and a half hours as news media captured photos and people crowded around in dismay. Over the days that followed, hundreds of people began to march in protest across the small municipality of Ferguson, Missouri, where he lived. I was one of them, and after daily - and often nightly - protesting, I wanted to do something more.

At that time, I was an educator at our local community art museum. I'd just finished graduate school in social work, and I'd been active as a community-based artist and organizer in collaboration with the poor, unemployed and white all across the region. In response to the Ferguson Uprising, I created a digital platform called *Black Lives Matter: Ferguson* that helped allies develop and distribute messages to people on the ground. I also collaborated with a photographer to develop *Faces of the Movement*, a photographic project that

signified and amplified the stories of involved in the uprising. And my best friend, Sophia, and I even went door-to-door in Ferguson recording United States, a vast series of stories featuring neighbors in families whose streets and homes bore witness to the growing protests. Other members of our "winning" collective created powerful amplified movement slogans like "Hands Up, Don't Shoot," and performed flash mobs, and placed guerrilla installations in public spaces to help spread the message of the protests.

WHY ART MATTERS IN SOCIAL MOVEMENTS

Most art that is created in protest will not be acquired by museums, nor is this usually the goal of activists and artists working together. Most often, we aim to reflect and respond to the immediate causes that are grounded in our social movements. And whether used in a march, a social media campaign or as guerrilla art in a public space, protest art helps social movements inform the public of issues, challenge the status quo, convey collective goals and messaging, imagine a vision of change and persuade others to take action.

Informing the Public

When used in public spaces, protest art serves as a mighty tool to help people learn about social issues. As an example, *Chalked Unarmed* was a guerrilla art series by public performance artist and *Mirror Casket* collaborator Mallory Nezam. The project invited citizen collaborators to create chalk outlines, like police outlines of murder victims, on pavements across their communities. Each outline was filled with the name, date and location of a person who had been murdered by a police officer.

Making Messages Visible

Making Messages Visible
In protests across the globe, people tend to write and illustrate their calls to action on cardboard, posters or banners.

At marches, where it can be hard for target audiences to hear each individual's voice, signage allows each person's message to be seen, and the results are often full of creativity and passion.

Imagining a Vision for Change

Protest art effectively helps people develop a language and create a vision for how outcomes in a community can be better. While projects like the *Mirror Casket* challenge viewers to look inward to see themselves differently and empathise with those whose lives have been lost, other works may propel people forward to imagine a new reality.

Influencing Action

Efforts like Decolonize This Place and Theatre of the Oppressed use performances, flash mobs and "spect-acting" (whereby a member of the audience also becomes part of the performance) to engage with people across the world and explore how justice and equality can become reality. Education and Theatre of the Oppressed is directly tied to demands for organizations and government leaders to change a policy, boycott unjust spaces, disinvest from harmful companies or stop violent or inequitable public actions. For example, Theatre of the Oppressed ran a performance in 2016 entitled *The Housing Crisis*, based on the real life experiences of different individuals trying to reconstruct their lives. Drawing from the perspective of LGBTQ+ individuals and war veterans living in New York City, Theatre of the Oppressed used this performance to suggest policy changes.

Challenging the Status Quo

One of the common impacts of protest art is to push against the norms and rules of society. Artists like Elizabeth Vega, Ai Weiwei, Banksy and others have mastered using art as dissent. Such works often take existing materials and cultural artefacts and re-purpose them, or they might remix messages from advertisements, buildings, monuments, news articles or political documents in ways that point to their hypocrisy, outdated messages or other flaws.

THE MIRROR CASKET

Of the projects that the artists and I created, we became most known for the *Artemis Casket*. This project emerged from a series of dreams I had after my first night of grieving. Each dream I was making me walk into the night carrying a casket that was made of mirrors. I couldn't see my image, but I knew I was carrying it. I knew to ask for help to bring it to St. As. So artists responded, and in a matter of weeks, we worked together to gather materials, design the casket, build it and march it from the street where Michael Brown Jr. was murdered to the police department where we held a vigil to protest.

After my first year, I was asked to lead a series of marches across the region and was scheduled throughout Missouri, including in the capital. During the year that followed, I gained the attention of the Smithsonian Institution, which acquired it for its larval museum, the National Museum of American History. The Smithsonian's Department of African, African American, and Hispanic/Latino American History, SC, Angela Davis once wrote an article about it for *Artemis Casket* magazine. Miss "The Art of Protest."

Winter Tales

• THE WHITE BEAR KING •

But the first time, the bear roared! With a bellowing roar, the powerful creature got his claws on her back. And then, but despite of his best efforts, he was unable to hold her. He roared again and again. But she was not afraid. She only smiled and looked at him.

The prince held on to her back. But the bear's powerful muscles were too strong for him. He was unable to hold her. He was unable to hold her. He was unable to hold her.

"You are the one," the bear said.

They kept going to their spinning wheel. The prince brought with delight. They did more steps and called to the moon. They climbed the hills, and set out to play in the snow. They kept going to their spinning wheel. The prince brought with delight.

Being from the black forest, there was a place of white. It was a place of white. It was a place of white. It was a place of white.

When it was night, the bear roared. But, in the darkness, when the prince looked out to look for his, she looked at him. He looked at her. He looked at her.

Within the year, the prince and the bear had a child. But no matter how I love him, the bear, they kept going to their spinning wheel. The prince brought with delight.

They kept going to their spinning wheel. The prince brought with delight. They did more steps and called to the moon. They climbed the hills, and set out to play in the snow.

• TANUKI'S GOLD •

TANUKI'S GOLD

A folk tale from Japan

The 'tanuki' is a member of the dog family that lives wild in the forests of Japan. Like its cousin the fox, the tanuki is small and agile, with a pointed snout and short legs, but its silky fur is striped, like a badger or a raccoon. The tanuki is famed in legends of old Japan as a magical creature – one favourite tale tells of a shape-shifting tanuki who could change into a kettle, and perform amazing acrobatics, bringing great good luck. This tale celebrates the way that when winter weather keeps us indoors, we feel especially grateful for the company of dear friends.

'Mukashi, mukashi' – very, very long ago, an old priest lived alone. He spent his days in prayer and meditation. He never needed to bother with earthly things for the local people brought him clothes and food, and patched his roof in the winter.

One winter's evening, the priest was deep in prayer. He knelt before the statue of the Buddha. He struck his bell and listened to the sound resound until it stilled to silence.

'Nyawell!' What was that? From outside came a pitiful sound. The priest opened the door, and there, shivering in the cold, was a tanuki.

'Your holiness!' implored the creature. 'Please, may I come in and warm myself by your fire? It's bitterly cold.'

The priest's eyes opened wide in surprise. He knew that tanuki hibernate in winter. 'Why aren't you in your burrow?' he asked.

'In winters past, the freezing frost and mountain snow were nothing to me. But now I grow old; I feel the cold in my bones. Please, let me in.'

'Of course, of course!' said the kind-hearted priest, full of compassion.

The tanuki lay thawing by the fire, eyes closed in exhaustion, wet fur steaming gently. The priest continued his prayers.

The tanuki slept by the sunken hearth all night, and in the morning, he puddled away. The next night, the tanuki returned. And the next, and the next. He brought with him fallen sticks and dead leaves for the fire, and the old priest grew fond of the sight of him, sleeping by the hearth. The white fluff of his tummy rose and fell with the gentle rhythm of his snores.

The priest noticed that when he gazed upon the tanuki, asleep in such deep peace, he felt peace in his own body, too. His breathing slowed. His gaze softened. He stroked the creature's silky fur. Sometimes, the priest sat and sipped a bowl of green tea, and the tanuki curled beside him. Its warm weight was comfortable – it made him feel content.

When winter was over, and white snow gave way to pink blossom, the tanuki came to the hut no more.

But when winter came around again, the tanuki always returned, and the old priest greeted his old friend with a glad heart.
